

KEYSHA LYNN BERRY

Keysha L. Berry is the Founder of Promise of Hope Foundation Inc, a 501 3C Organization. The daughter of a 17 year breast cancer survivor, and a father who passed in 2015 after being diagnosed with Stage 4 Stomach Cancer, she is passionate about helping, in a tangible way those who have been diagnosed with cancer. Unfortunately, most cancer victims are not fortunate as her mother, whose bountiful support and resources during this trying time made the difference in healing. Today I take on this fight where it's needed most on a local, state and national level with Promise of Hope Foundation, Inc. She is charged to see that they survive in spirit and in truth despite the path to recovery they choose to take.

Keysha is currently employed by Investors Bank, in Avenel, NJ 07001. Keysha was a former Vice President Manager of TD Bank in Old Bridge, NJ.
